

~\$1Million Dollar Donation for Fort McMurray~

FREE Competency Development and Skills Enhancement Training for Evacuees

**Edmonton, AB, May 17, 2016** It is with deep compassion that we launch this press release, with both our thoughts and hearts with the citizens of Fort McMurray. The catastrophic wildfires that persist in Fort McMurray have forced tens of thousands of people out of their homes and away from their jobs and may continue to do so for weeks. Fort McMurray enabled our organization and many others to thrive and therefore we believe we have an obligation to give back to this community in its time of need.

The honorable Maya Angelou once said “I’ve learned that you shouldn’t go through life with a catcher’s mitt on both hands. You need to be able to throw something back”. Today, this is our way of giving back to the well deserving citizens of Fort McMurray. Carver is offering up to **\$500,000 worth of complimentary technical competency development and skills enhancement training** for Fort McMurray evacuees.

In addition, we would like to extend our support further to source the man power required for the cleanup, restoration and rebuilding of the Fort McMurray region. We are willing to offer up to **\$500,000 in recruiting services by providing our company resources** to secure the required contracts for this effort. Carver will work with decision makers to ensure the right people are available when needed. We want to contribute our services so we can help get the citizens of Fort McMurray back to their homes, jobs and lives sooner. This is our way to give back and say “Thank You” to the amazing town of Fort McMurray and the resilient citizens of this region.

The great Mahatma Ghandi told us “we must become the change we want to see in the world.” Hence, this charitable gesture that we hope is the beginning of a domino effect which will encourage other organizations who have benefited from Fort McMurray to follow in our footsteps.

Please visit our website for further information on these initiatives [www.carvercorporation.com](http://www.carvercorporation.com) or contact us at 780.489.4444 with any inquiries.
